

ALL MODELS 1850
SCALE 1:1

TYPICAL FASTENER
INSTALLATION

Quality sealant recommended for
secure installation

If Equipped with
Position Sensor
Drill 3/8" hole for
sensor wires

Note: Failure to verify
reference test line will result in
misaligned mounting holes.
The above verification test line
WILL measure 5 inches when
correctly printed to scale.

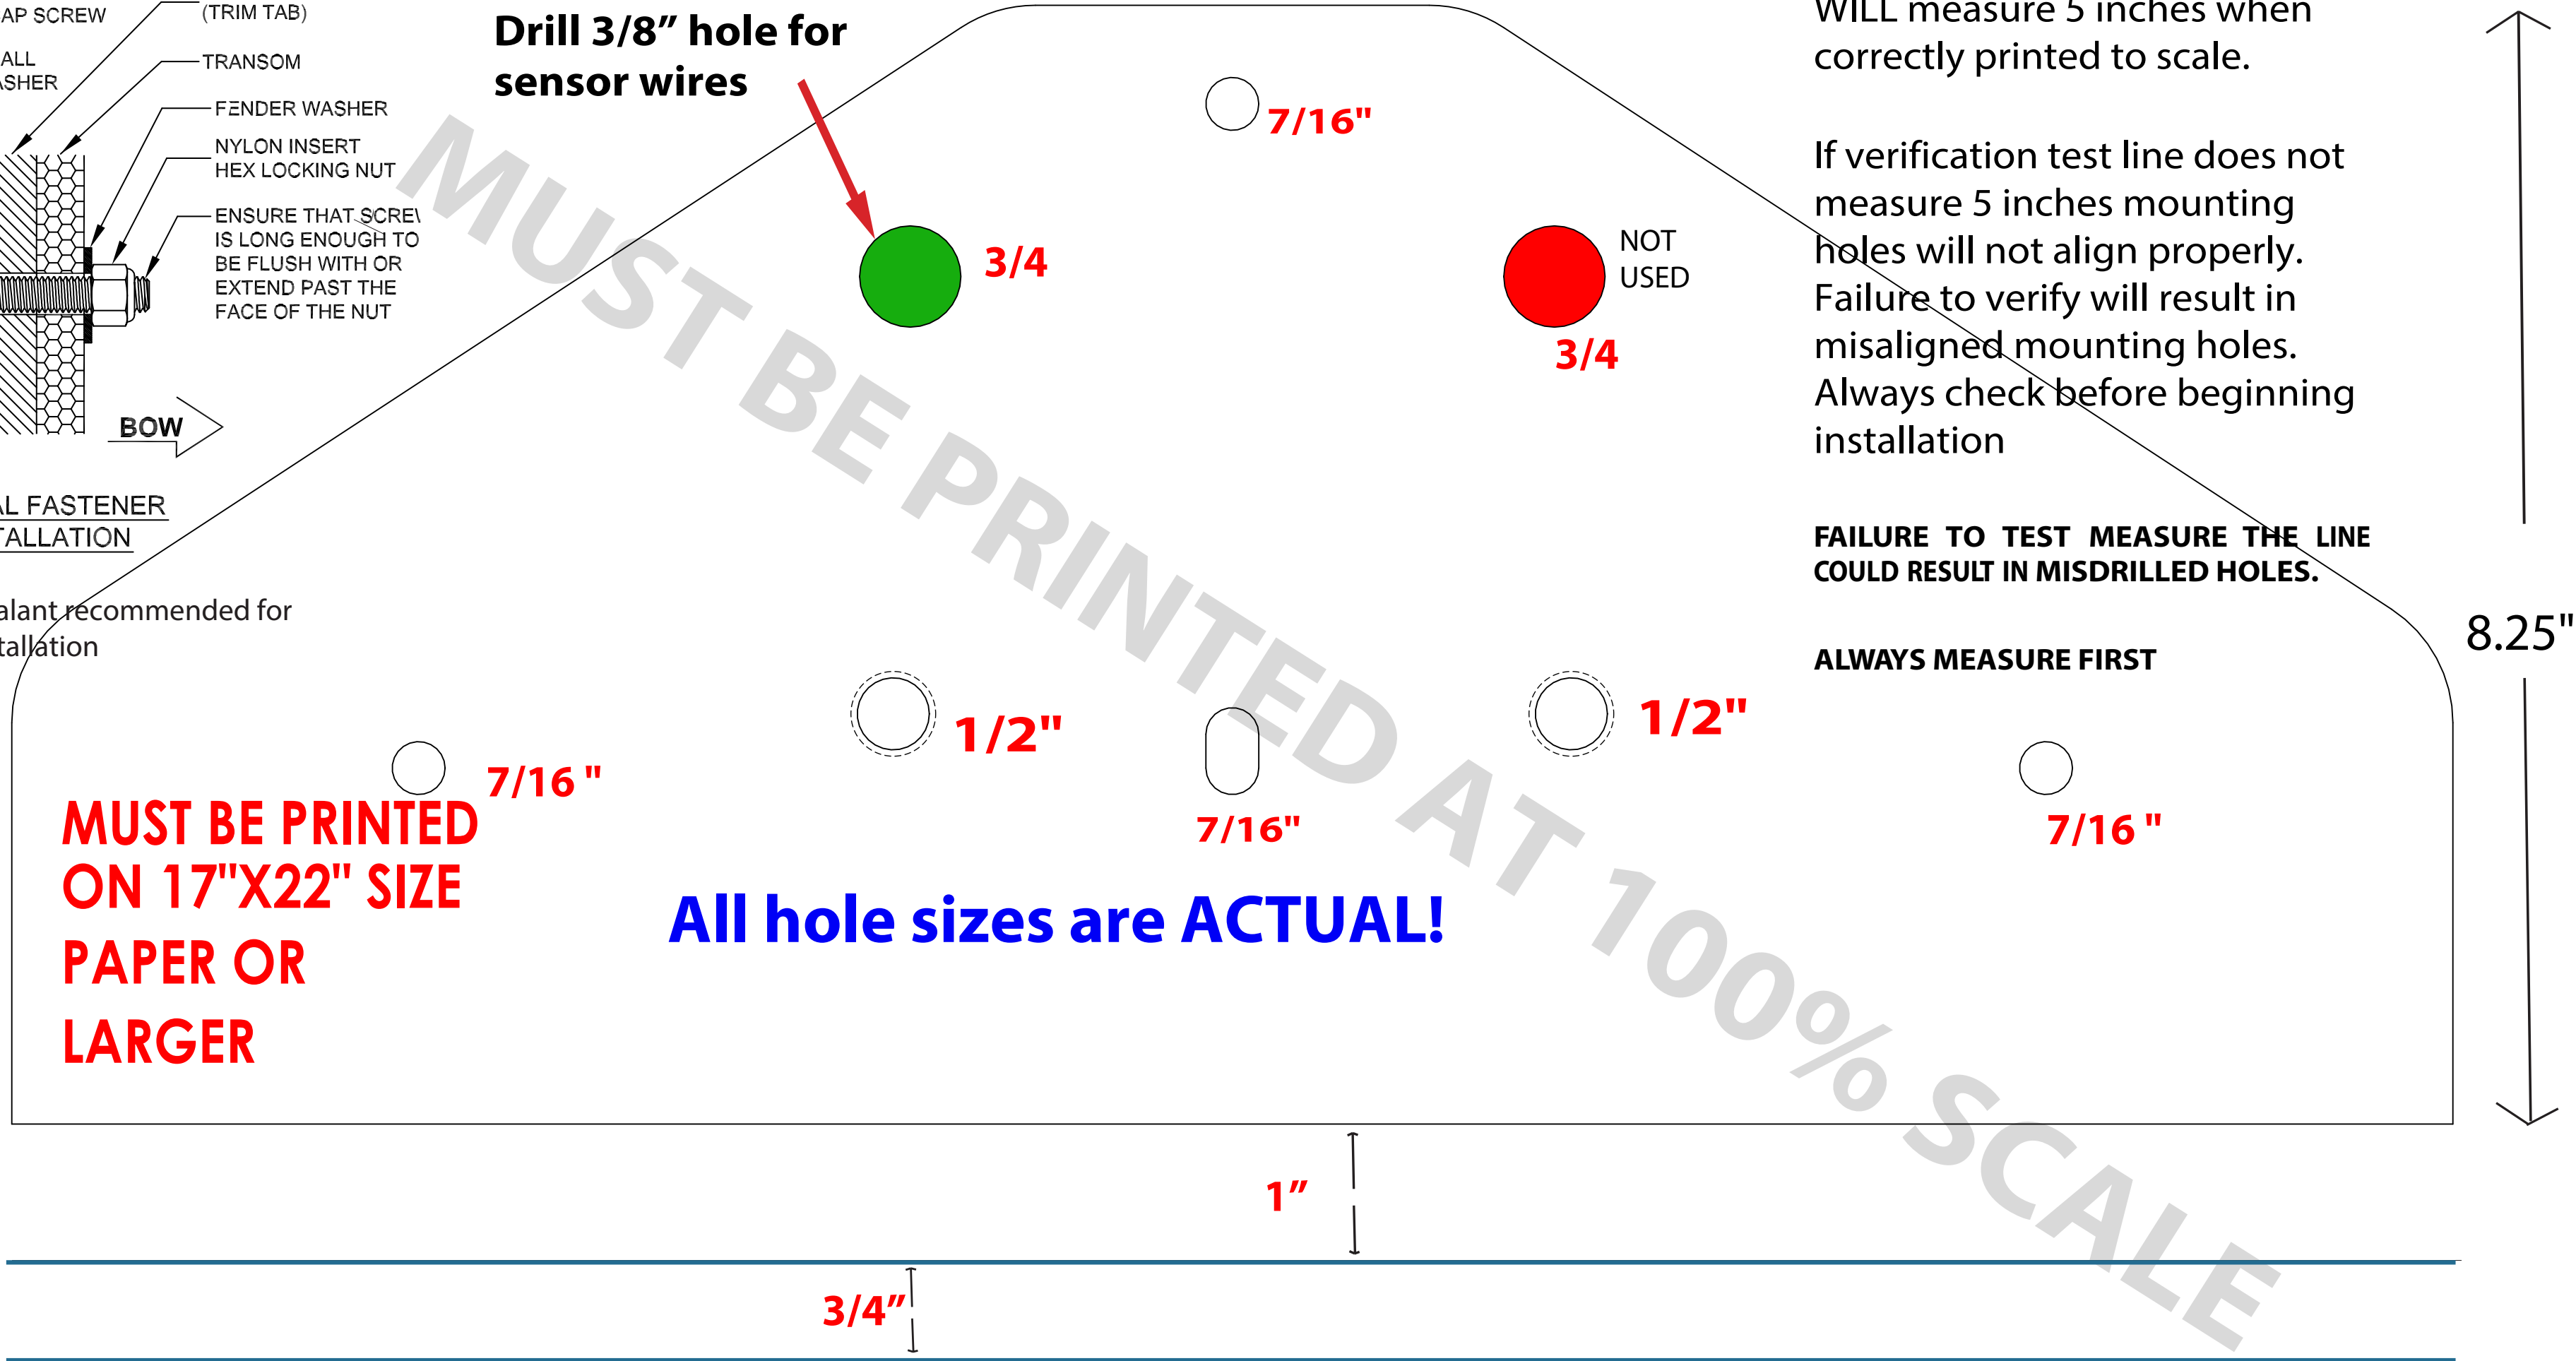

If verification test line does not
measure 5 inches mounting
holes will not align properly.
Failure to verify will result in
misaligned mounting holes.
Always check before beginning
installation

FAILURE TO TEST MEASURE THE LINE
COULD RESULT IN MISDRILLED HOLES.

ALWAYS MEASURE FIRST

MUST BE PRINTED
ON 17"X22" SIZE
PAPER OR
LARGER

All hole sizes are ACTUAL!
